# Adrianna Gerek

## Flutter Developer

## Experience

January 2025 – Present

### FREELANCE FLUTTER DEVELOPER

Developed open-source Flutter applications and personal projects. Improved skills in Flutter Web, CI/CD, advanced testing while ensuring scalable and maintainable code

May 2023 – December 2024 (B2B)

### FIREFIGHTERS (PSP)

Worked on a mobile and web application for Polish firefighters, using Flutter and Dart with Clean Architecture and Cubit for state management. Integrated local storage with Hive and SharedPreferences, implemented secure data handling, and optimized API communication with Dio and Retrofit. Used dependency injection (GetIt) to manage services efficiently while ensuring scalable and maintainable code

April 2023 – December 2023 (B2B)

### VIVOLANG (Startup)

Developed a language learning mobile app using Flutter, Firebase, and Hive. Designed a gamified user experience with local storage & push notifications

October 2022 – May 2023 (B2B)

### KURSFLUTTERA.PL

Co-developed a Flutter learning platform  
Provided technical support for Flutter developers

January 2022 – October 2022 (B2B)

### JUNIOR DEVELOPER | GOODYLABS

Developed Flutter mobile applications for British clients  
Collaborated on Goodylabs.com website using React.js

October 2021 – December 2021

### FLUTTER HOUSE (Internship)

Gained hands-on experience in Flutter app development
